mood rooms
to evoke an essence of a feeling (broadly)
or
to act as an absorber of emotions

the last two nights the moon has had the illusion of hovering very low to the ground
a large orange that seems like it could be easily punctured
yet buoyant, weightless
instills in me a great sense of longing, sentimentality

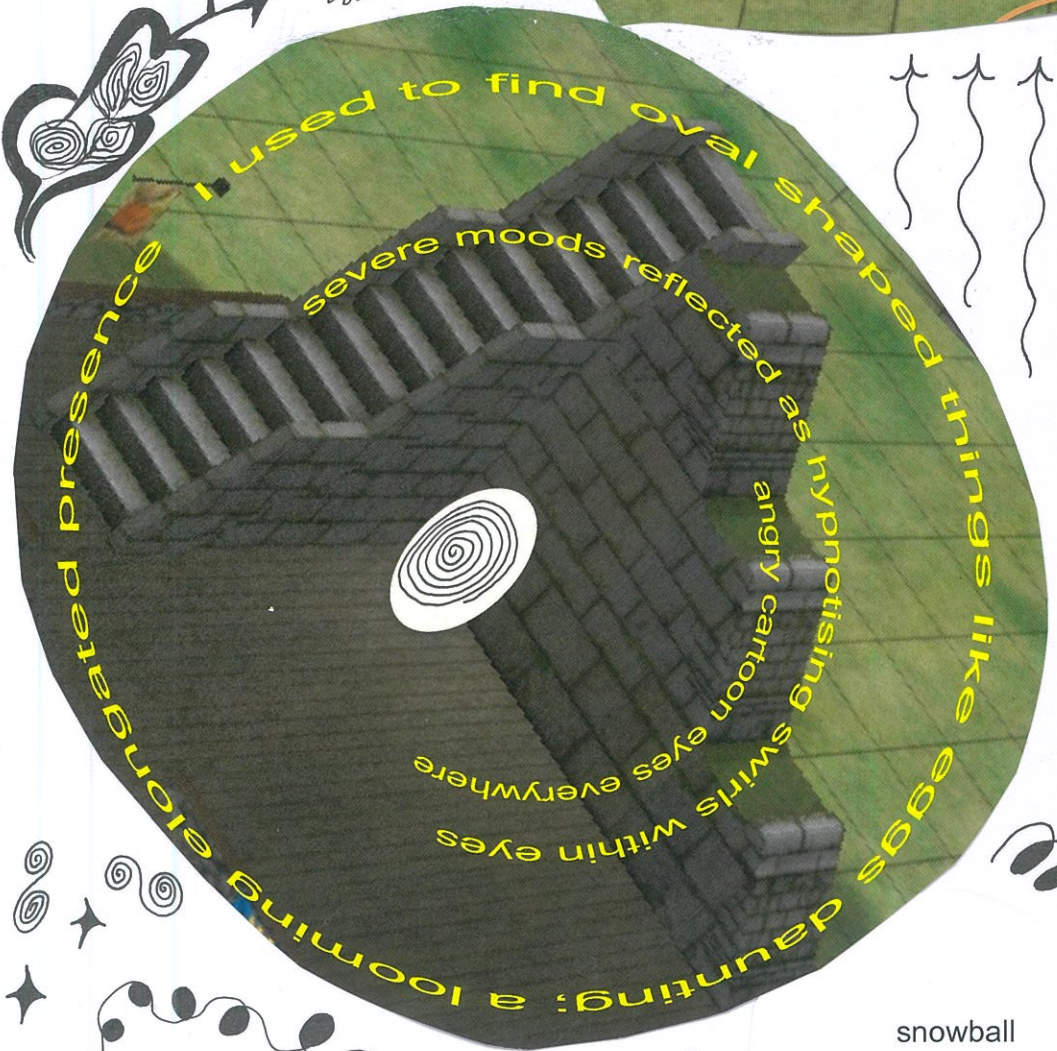

I'm sleeping next to a rechargeable hand-held vacuum cleaner that runs out of battery very quickly

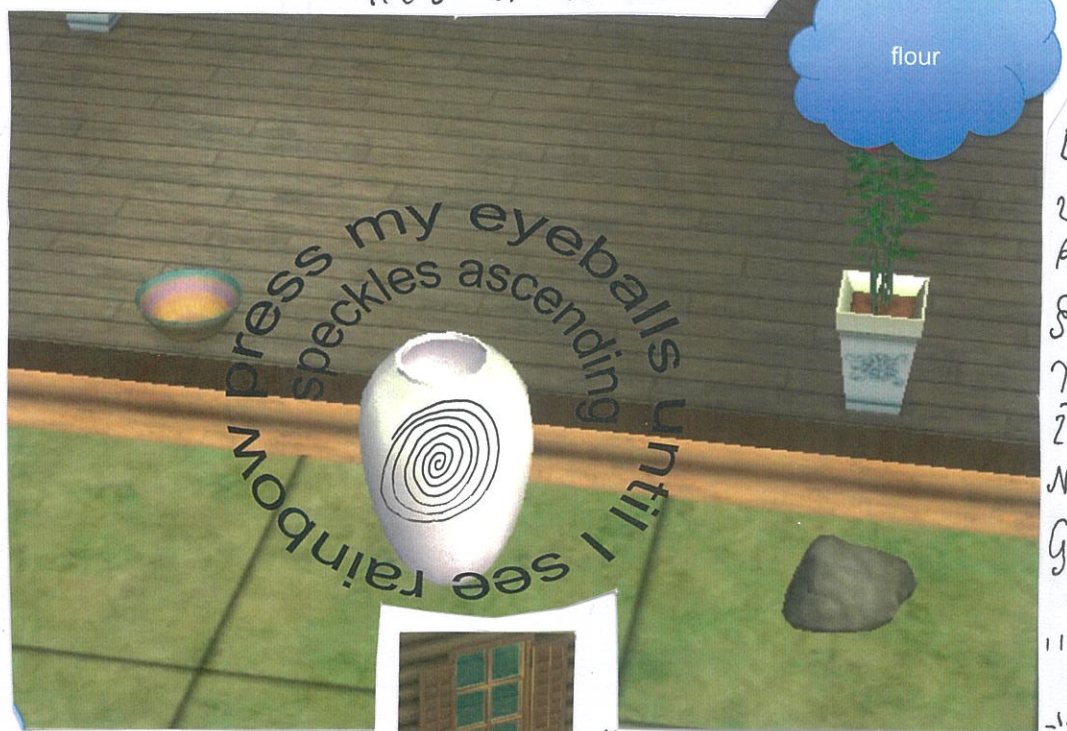

there is a lamp that upon gazing at

I see a giant surreal egg embedded in an island of sand

ACCIDENTAL FLARES OF LOVE

I used to find oval shaped things like eggs daunting: a looming elongated presence
severe moods reflected as hypnotising swirls within eyes
angry cartoon eyes everywhere

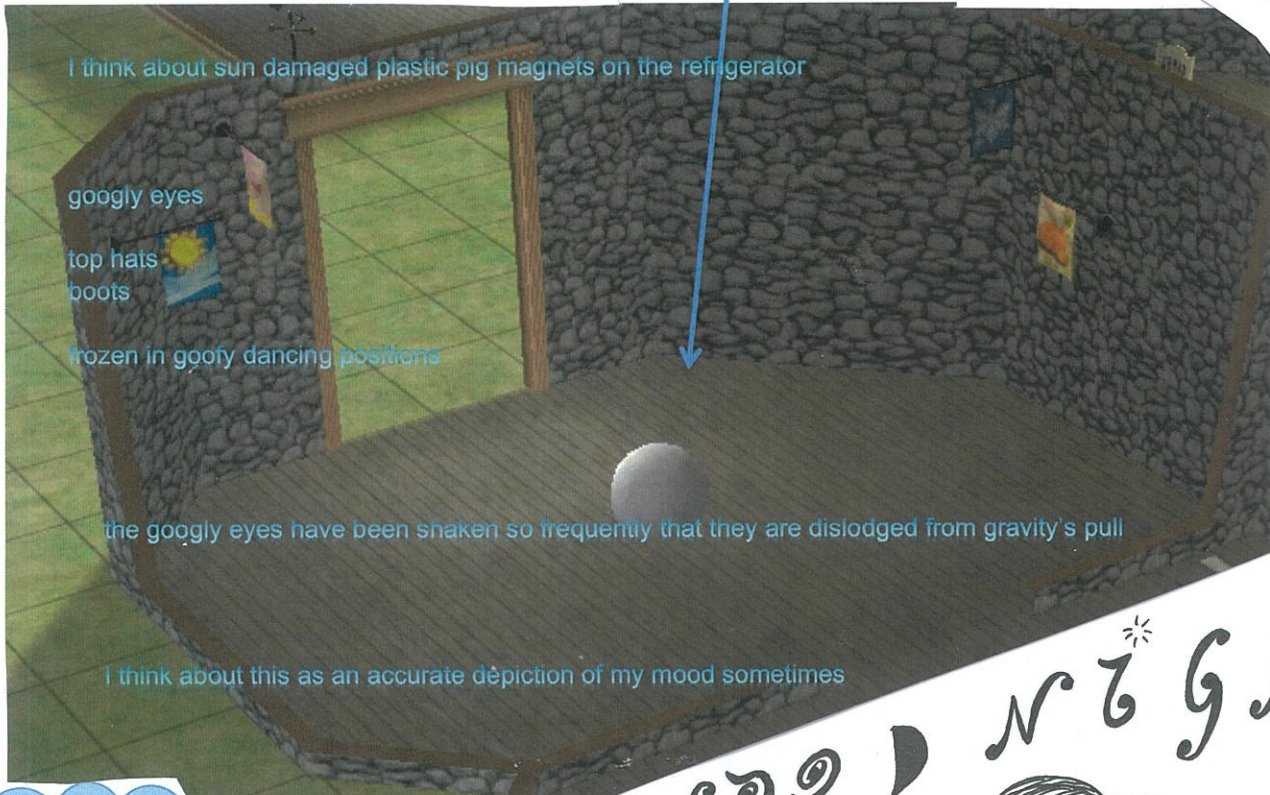

press my eyeballs until I see rainbow speckles ascending

spinning around very fast until I can hear ringing in my ears
in chorus with the humming of the refrigerator

finding your way into something at burrowing
making sense of being / feeling contained

I think about sun damaged plastic pig magnets on the refrigerator

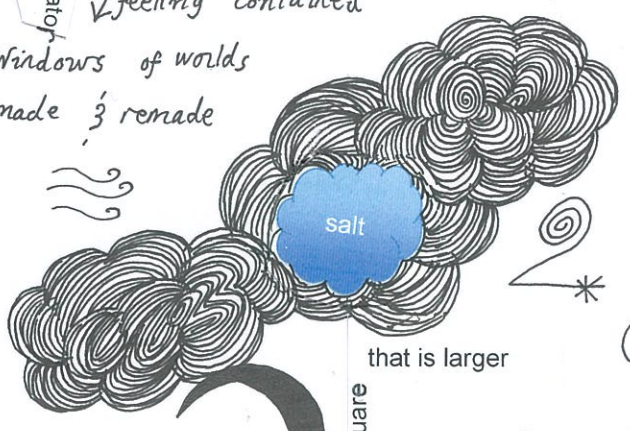

googly eyes
top hats
boots
frozen in goofy dancing positions

the googly eyes have been shaken so frequently that they are dislodged from gravity's pull

I think about this as an accurate depiction of my mood sometimes

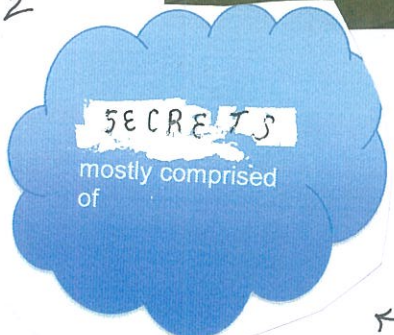

Windows of worlds made 3/4 renade

that is larger than the size of my face

forever ~ an unbroken chain of nows ~

a desire for transformation
a stitch that is a wish for renewal
